General Cleaning & Maintenance

FOUNDATION & SOURCE LAMINATES (HPL & LPL)

General day to day cleaning, warm soapy water or non-abrasive household cleaners such as glass cleaner, Fantastik®, Formula 409® or commercially available solid surface cleaners will remove most residues. Then rinse and towel dry the surface to prevent spotting especially in areas with hard water.

Prolonged exposure, chemical dilutions and frequency of cleaners, disinfectants, and/or sanitizers used on the surface can cause degradation and/or discoloration.

PAINT (ACCENT, MICA & FOUNDATION)

Wash with warm water and soap often works or any mild household cleaners such as Windex, Formula 409, or Mr. Clean glass and surface cleaners as these are the cleaners tested by many MOF manufacturers. That being said, any recommendations the customer makes to their end users should be verified on product off their line because our recommendations are made based on powder cured and tested in a laboratory. Variations in production and end use settings could have some variation to coating cure and cleaner application.

WOOD (FLINTWOOD, NATURAL VENEERS)

All wood finishes are susceptible to scratches from rough and abrasive objects.

Teknion Wood's finish is best cleaned by wiping the surfaces with a damp cloth, followed by a soft dry cloth in the direction of the grain. If the surfaces are really dirty, add a mild soap solution to the water, clean the surface and then wipe down again using a damp cloth to remove any soap residue, followed by a dry cloth to absorb any moisture left on the surface.

SEAMLESS

Wash surface regularly with mild soap and water. Dry with a clean cloth or soft paper towel to prevent soap streaks.

SOLID SURFACE

Clean with a damp cloth. Wipe with soap and water or with a glass cleaner. Do not expose your solid surface work surface to harsh chemicals.

6. DELIVERY SCHEDULE

The goods shall be delivered to the PRDOH Headquarters: Juan C. Cordero Building, 606 Barbosa Avenue, San Juan, PR, 00923. Thereinafter, PRDOH will contact the selected Bidder on an as-needed basis to make order requests for any of the products within the Deliverables schedule. All subsequent deliveries must be made on or before **thirty (30) calendar days** after the date of the order resulting from the request. The Selected Bidder(s) will be responsible for maintaining a detailed and updated tracker of the dispatched materials and products.

All deliveries shall be made in accordance with good commercial practice and all required delivery timeframes shall be adhered to by the bidder; except in cases where delivery will be delayed due to acts of Nature, strikes, or other causes beyond the control of the bidder. In these cases, the bidder shall notify the PRDOH of the delays in advance of the original delivery date so that a revised delivery schedule can be appropriately considered by the PRDOH.

Should the bidder to whom the contract is awarded fail to deliver in the number of days stated above, the PRDOH reserves the right to cancel the order on a default basis. If the order is terminated, it is hereby understood and agreed that the PRDOH has the authority to purchase the goods elsewhere and to charge the incumbent bidder with any re-procurement costs. If the bidder fails to honor these re-procurement costs, the PRDOH may terminate the contract for default.

Certain PRDOH employees may be authorized in writing to pick-up materials under this contract. Bidders shall require the presentation of this written authorization. The bidder

shall maintain a copy of the authorization. If the bidder is in doubt about any aspect of material pick-up, the bidder shall contact the appropriate PRDOH point of contact to confirm the authorization.

Orders requiring special handling such as air freight, next day delivery, etc., may only be approved and placed with written authorization by the PRDOH. In those cases, the price quoted by the bidders shall be inclusive of any additional shipping costs.

Back orders should be confirmed at the time of the order confirmation with an estimated delivery date, PRDOH will have an option to cancel or keep the back orders.

The Selected Bidder(s) shall inform PRDOH in writing on or before **five (5) days** of the delivery schedule's due date of any circumstances that may cause any delays of the delivery.

7. PRICING

For the items contained in the Deliverables schedule, pricing must be guaranteed during the first **twenty-four (24) months** after the execution of the contract with the Selected Bidder(s). Should any price change be needed, such price change must be requested in writing and must be accompanied by appropriately documented market justification. All price changes will be granted only with written approval from the PRDOH.

After contract award, a bidder may offer, either on its own initiative or at the PRDOH's request, additional discounts, customized lists, or discounted prices for any purchase within the scope of the contract, even if such discounts were not included in the bid prices.

If an "equal" item may be considered by the PRDOH in accordance with Cost Form, the proposed item shall be equal in quality to the item specified in the solicitation. Where an "equal" item is offered, and product information sheets are required, the initial offer must be accompanied with two (2) complete sets of product information sheets (such as factory specifications, standard manufacturer information sheets, catalogs, and brochures). Also, for product information submittals, all supporting documentation submitted by the bidder must in total meet the required specifications set forth in this solicitation. Where the standard product literature submitted with the offer provides information that does not comply with the specifications, the bidder shall state, in an official letter on corporate letterhead as part of their initial offer, the differences between the item they are specifically offering, and the equipment described by the standard product literature, to substantiate compliance to all of the specifications set forth in this solicitation. In such cases, any offer submitted with standard product literature but without the letter, explaining compliance may result in the rejection of the offer for not meeting the solicitation specifications. Materials shall be new and warranted against defects.

All materials, except where recycled content is specifically requested, supplied by the bidder in conjunction with this solicitation and resultant contract shall be new, warranted

for their merchantability, and fit for a particular purpose. In the event any of the materials supplied to the PRDOH by the bidder are found to be defective or do not conform to specifications: (1) the materials may be returned to the bidder at the bidder's expense or (2) the PRDOH may require the bidder to replace the materials at the bidder's expense.

The Bidder shall have or will secure, at its own expense, all personnel required to perform the services under the contract. PRDOH expects the Selected Bidder to provide competent and fully qualified staff that are authorized or permitted under federal, state, and local law to perform the scope of work under the contract. The PRDOH reserves the right to request the removal of any staff not performing to standard. No personnel may be assigned to the resulting contract without the written consent of the PRDOH.

9. WARRANTY

Full warranty on parts and accessories shall be defined as the manufacturer's standard limited warranty and shall otherwise be equal to or exceed that offered to the general public. All warranties shall become effective on the date the items are accepted by PRDOH. All defective items must be replaced within **five (5) days** at no additional cost to PRDOH.
