Overall Progress Narrative:

During this reporting period, the Puerto Rico Department of Housing (PRDOH) completed the following tasks in support of the Repair, Reconstruction, and Relocation (Earthquakes) Program - ReSURge.

During the reporting period the Program completed 304 intakes completed, 155 pre-eligibility notifications, 148 eligible cases, and completed 106 inspections. Additionally, PM and CONSUR continue receiving applicants as part of the effort to complete the records.

The Program develops a prioritizing application process according to the following structure: (P-1) Applications with an elderly applicant or co-applicant, and a disabled household member, and the house still significantly damaged; (P-2) Applications with an elderly applicant or co-applicant, and the house still significantly damaged, or applications with a disabled household member, and the house still significantly damaged; (P-3) Applications with the house still significantly damaged.

The PRDOH is ensuring the implementation of fair housing initiatives to support its commitment to affirmatively promote fair housing. PRDOH has made sure that ConSur (subrecipient) personnel engage in FHEO courses this quarter. We are contemplating FHEO outreach for participants once applications are reviewed and completed. PRDOH is ready to provide support and training on reasonable

accommodation, language access and anti-discrimination policies once the program launches and is expected to be able to report any requests for reasonable accommodations and language access needs.

Finally, the PRDOH continued participating in meetings with CONSUR and the Program Manager's representatives to continue the Program's efforts. The Program estimates that 800 applicants will be served in the different awards.

By municipality

Guanica

The municipality has actively cooperated with CONSUR regarding the program activities. The Program estimates that approximately 294 applicants will be served in the different awards.

Set-Aside by municipality

PRDOH will incorporate mitigation measures into the recovery activities performed on earthquake-affected homes. PRDOH plans to include Photovoltaic (PV) Systems and Water Storage Systems (WSS) as mitigation measures to assist approximately 294 applicants.

Yauco

The municipality has actively cooperated with CONSUR regarding the program activities. The Program estimates that approximately 215 applicants will be served in the different awards.

Set-Aside by municipality

PRDOH will incorporate mitigation measures into the recovery activities performed on earthquake-affected homes. PRDOH plans to include Photovoltaic (PV) Systems and Water Storage Systems (WSS) as mitigation measures to assist approximately 215 applicants.

Ponce

The municipality has actively cooperated with CONSUR regarding the program activities. The Program estimates that approximately 178 applicants will be served in the different awards.

Set-Aside by municipality

PRDOH will incorporate mitigation measures into the recovery activities performed on earthquake-affected homes. PRDOH plans to include Photovoltaic (PV) Systems and Water Storage Systems (WSS) as mitigation measures to assist approximately 178 applicants.

Guayanilla

The municipality has actively cooperated with CONSUR regarding the program activities. The Program estimates that approximately 112 applicants will be served in the different awards.

Set-Aside by municipality

PRDOH will incorporate mitigation measures into the recovery activities performed on earthquake-affected homes. PRDOH plans to include Photovoltaic (PV) Systems and Water Storage Systems (WSS) as mitigation measures to assist approximately 112 applicants.

Lajas

The municipality has actively cooperated with CONSUR regarding the program activities. The Program estimates that approximately 44 applicants will be served in the different awards.

Set-Aside by municipality

PRDOH will incorporate mitigation measures into the recovery activities performed on earthquake-affected homes. PRDOH plans to include Photovoltaic (PV) Systems and Water Storage Systems (WSS) as mitigation measures to assist approximately 44 applicants.

Peñuelas

The municipality has actively cooperated with CONSUR regarding the program activities. The Program estimates that approximately 44 applicants will be served in the different awards.

Set-Aside by municipality

PRDOH will incorporate mitigation measures into the recovery activities performed on earthquake-affected homes. PRDOH plans to include Photovoltaic (PV) Systems and Water Storage Systems (WSS) as mitigation measures to assist approximately 44 applicants.

Mayaguez (Isleños) During this reporting period, the Puerto Rico Department of Housing (PRDOH) collected data related to the events. As of the date of this report, the PRDOH expects to evaluate the data to determine the strategy of impact. Mayaguez St-Aside - PRDOH will incorporate mitigation measures into the recovery activities. TA ofrecidos a ConSur en este trimestre.

Activity Description:

Understanding the allocation requirements to prioritize housing, as well as the MID areas unmet needs identified, and incorporating input from the disaster-impacted Municipalities and other stakeholders, PRDOH has developed the Housing Seismic Rehabilitation, Reconstruction and Relocation Program (R3). This program has been designed to provide assistance to homeowners to repair damaged homes or rebuild substantially damaged homes in place. The reconstruction of substantially damaged homes gives the opportunity for otherwise displaced families to return safely to their homes.

Homes that may not be repaired or rebuilt in place due to legal, engineering, or environmental constraints, may be referred to the Single-Family Housing Mitigation Program under the Puerto Rico Community Development Block Grant – Mitigation Program (CDBG-MIT). Thus, providing opportunity to align programs under PRDOH to best serve the citizens of Puerto Rico.

- Penuelas

Activity Progress Narrative:

Understanding the allocation, PRDOH continues providing support to CONSUR, prioritizing the requirements of providing housing. The Resurge Program (Earthquake assistance) is designed to assist homeowners with the repair, reconstruction, or relocation following the R3 Program structure and Guidelines. During this quarter, PRDOH provided different vendors as part of the structure, such as Grant Manager (GM, Program Manager (PM), and Construction Managers (CMs). Also, during this period, PRDOH provided technical assistance related to timesheets, invoicing, legal review, compliance, and courtesy reviews for procurement services as part of support for the CONSUR efforts.

Activity Description:

Home Repair, Reconstruction, or Relocation (R3) Program provides assistance to homeowners to repair damaged homes or rebuild substantially damaged homes in place. Reconstruction activity returns otherwise displaced families to their homes in their same community. Homes become eligible for reconstruction when the property estimated cost of repair exceeds \$60,000 as confirmed through program inspection, the property is determined to be substantially damaged by an authority having jurisdiction, or a feasibility inspection determines that reconstruction is required. Homes meeting this damage threshold will be reconstructed to include resilient measures in structural materials. Homes that may not be rebuilt in place due to legal, engineering, or environmental constraints (permitting, extraordinary site conditions, etc.) will not be reconstructed and the homeowner will be provided relocation options. At the time it is determined that a

homeowner is eligible for relocation, the R3 Program will make available housing counseling services to the homeowner to inform the applicant of available housing options and information to assist the applicant in making an informed decision regarding housing options available under the relocation option. Additionally, the R3 Program provides homeowners whose homes suffered more than \$60,000 in damages the opportunity to relocate by forgoing a reconstruction award and accepting a relocation voucher.

For reconstruction and relocation activities, the h. owner must agree to own the home and use it as their primary residence for a period of five (5) years after reconstruction or successful relocation, as secured through a Sworn Grant Agreement in compliance with Rule 35.4 of the Puerto Rico Civil Procedure Rules, 32 L.P.R.A. Ap. V, R.35.4 (Entry of Judgement by Confession). Additionally, for relocation activities, the homeowner and PRDOH will execute a Direct Mortgage Deed with Imposition of Restrictive Covenants, which shall be recorded in the Puerto Rico Property Registry. The latter is a unit of the Puerto Rico Department of Justice. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property within the first five (5) years, the entire (100%) amount of the benefit received must be repaid in full to PRDOH. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property during the affordability period, the amount of benefit that must be repaid will be determined by the straight-line, linear amortization schedule for the remaining years as established by the Program in the Applicant's Grant Agreement.

For repair activities only, the ownership and occupancy compliance period will be three (3) years calculated from the final completion date, according to the terms and conditions as established in Applicant's Grant Agreement. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property within the first three (3) years, the entire (100%) amount of the benefit received must be repaid in full to PRDOH. Further information about program award requirements, occupancy and residency periods, ongoing monitoring during compliance periods, and/or applicant responsibilities related to acceptance of the Program assistance will be further developed in Program Guidelines that will be published in English and Spanish at: [https://cdbg-dr.pr.gov /en/](https://cdbg-dr.pr.gov/en/) and [https://cdbg-dr.pr.gov /](https://cdbg-dr.pr.gov/). Temporary relocation assistance may be available for applicants while program sponsored construction is underway, or on a case-by-case basis as determined by the Program.

Location Description:

Municipality a Guanica.

Activity Progress Narrative:

During this reporting period, the Puerto Rico Department of Housing (PRDOH) completed the following tasks in support of the Repair, Reconstruction, and Relocation (Earthquakes) Program—ReSURge. The Program completed 78 intakes, 39 pre-eligibility notifications, 38 eligible cases, and 22 inspections in Guánica. The municipality has actively cooperated with CONSUR regarding the program activities. The Program estimates that approximately 294 applicants will be served in the different awards.

Activity Description:

Home Repair, Reconstruction, or Relocation (R3) Program provides assistance to homeowners to repair damaged homes or rebuild substantially damaged homes in place. Reconstruction activity returns otherwise displaced families to their homes in their same community. Homes become eligible for reconstruction when the property estimated cost of repair exceeds \$60,000 as confirmed through program inspection, the property is determined to be substantially damaged by an authority having jurisdiction, or a feasibility inspection determines that reconstruction is required. Homes meeting this damage threshold will be reconstructed to include resilient measures in structural materials. Homes that may not be rebuilt in place due to legal, engineering, or environmental constraints (permitting, extraordinary site conditions, etc.) will not be reconstructed and the homeowner will be provided relocation options. At the time it is determined that a

homeowner is eligible for relocation, the R3 Program will make available housing counseling services to the homeowner to inform the applicant of available housing options and information to assist the applicant in making an informed decision regarding housing options available under the relocation option. Additionally, the R3 Program provides homeowners whose homes suffered more than \$60,000 in damages the opportunity to relocate by forgoing a reconstruction award and accepting a relocation voucher.

For reconstruction and relocation activities, the h. owner must agree to own the home and use it as their primary residence for a period of five (5) years after reconstruction or successful relocation, as secured through a Sworn Grant Agreement in compliance with Rule 35.4 of the Puerto Rico Civil Procedure Rules, 32 L.P.R.A. Ap. V, R.35.4 (Entry of Judgement by Confession). Additionally, for relocation activities, the homeowner and PRDOH will execute a Direct Mortgage Deed with Imposition of Restrictive Covenants, which shall be recorded in the Puerto Rico Property Registry. The latter is a unit of the Puerto Rico Department of Justice. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property within the first five (5) years, the entire (100%) amount of the benefit received must be repaid in full to PRDOH. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property during the affordability period, the amount of benefit that must be repaid will be determined by the straight-line, linear amortization schedule for the remaining years as established by the Program in the Applicant's Grant Agreement.

For repair activities only, the ownership and occupancy compliance period will be three (3) years calculated from the final completion date, according to the terms and conditions as established in Applicant's Grant Agreement. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property within the first three (3) years, the entire (100%) amount of the benefit received must be repaid in full to PRDOH. Further information about program award requirements, occupancy and residency periods, ongoing monitoring during compliance periods, and/or applicant responsibilities related to acceptance of the Program assistance will be further developed in Program Guidelines that will be published in English and Spanish at: [https://cdbg-dr.pr.gov /en/](https://cdbg-dr.pr.gov/en/) and [https://cdbg-dr.pr.gov /](https://cdbg-dr.pr.gov/). Temporary relocation assistance may be available for applicants while program sponsored construction is underway, or on a case-by-case basis as determined by the Program.

Location Description:

Municipality of Guayanilla.

Activity Progress Narrative:

During this reporting period, the Puerto Rico Department of Housing (PRDOH) completed the following tasks in support of the Repair, Reconstruction, and Relocation (Earthquakes) Program—ReSURge. The Program completed 47 intakes, 23 pre-eligibility notifications, 22 eligible cases, and 15 inspections in Guayanilla. The municipality has actively cooperated with CONSUR regarding the program activities. The Program estimates that approximately 112 applicants will be served in the different awards.

Activity Description:

Home Repair, Reconstruction, or Relocation (R3) Program provides assistance to homeowners to repair damaged homes or rebuild substantially damaged homes in place. Reconstruction activity returns otherwise displaced families to their homes in their same community. Homes become eligible for reconstruction when the property estimated cost of repair exceeds \$60,000 as confirmed through program inspection, the property is determined to be substantially damaged by an authority having jurisdiction, or a feasibility inspection determines that reconstruction is required. Homes meeting this damage threshold will be reconstructed to include resilient measures in structural materials. Homes that may not be rebuilt in place due to legal, engineering, or environmental constraints (permitting, extraordinary site conditions, etc.) will not be reconstructed and the homeowner will be provided relocation options. At the time it is determined that a

homeowner is eligible for relocation, the R3 Program will make available housing counseling services to the homeowner to inform the applicant of available housing options and information to assist the applicant in making an informed decision regarding housing options available under the relocation option. Additionally, the R3 Program provides homeowners whose homes suffered more than \$60,000 in damages the opportunity to relocate by forgoing a reconstruction award and accepting a relocation voucher.

For reconstruction and relocation activities, the h. owner must agree to own the home and use it as their primary residence for a period of five (5) years after reconstruction or successful relocation, as secured through a Sworn Grant Agreement in compliance with Rule 35.4 of the Puerto Rico Civil Procedure Rules, 32 L.P.R.A. Ap. V, R.35.4 (Entry of Judgement by Confession). Additionally, for relocation activities, the homeowner and PRDOH will execute a Direct Mortgage Deed with Imposition of Restrictive Covenants, which shall be recorded in the Puerto Rico Property Registry. The latter is a unit of the Puerto Rico Department of Justice. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property within the first five (5) years, the entire (100%) amount of the benefit received must be repaid in full to PRDOH. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property during the affordability period, the amount of benefit that must be repaid will be determined by the straight-line, linear amortization schedule for the remaining years as established by the Program in the Applicant's Grant Agreement.

For repair activities only, the ownership and occupancy compliance period will be three (3) years calculated from the final completion date, according to the terms and conditions as established in Applicant's Grant Agreement. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property within the first three (3) years, the entire (100%) amount of the benefit received must be repaid in full to PRDOH. Further information about program award requirements, occupancy and residency periods, ongoing monitoring during compliance periods, and/or applicant responsibilities related to acceptance of the Program assistance will be further developed in Program Guidelines that will be published in English and Spanish at: [https://cdbg-dr.pr.gov /en/](https://cdbg-dr.pr.gov/en/) and <https://cdbg-dr.pr.gov />. Temporary relocation assistance may be available for applicants while program sponsored construction is underway, or on a case-by-case basis as determined by the Program.

Municipality of Lajas

Activity Progress Narrative:

During this reporting period, the Puerto Rico Department of Housing (PRDOH) completed the following tasks in support of the Repair, Reconstruction, and Relocation (Earthquakes) Program—ReSURge. The Program completed 21 intakes, 25 pre-eligibility notifications, 23 eligible cases, and 16 inspections in Lajas. The municipality has actively cooperated with CONSUR regarding the program activities. The Program estimates that approximately 44 applicants will be served in the different awards.

Activity Description:

Home Repair, Reconstruction, or Relocation (R3) Program provides assistance to homeowners to repair damaged homes or rebuild substantially damaged homes in place. Reconstruction activity returns otherwise displaced families to their homes in their same community. Homes become eligible for reconstruction when the property estimated cost of repair exceeds \$60,000 as confirmed through program inspection, the property is determined to be substantially damaged by an authority having jurisdiction, or a feasibility inspection determines that reconstruction is required. Homes meeting this damage threshold will be reconstructed to include resilient measures in structural materials. Homes that may not be rebuilt in place due to legal, engineering, or environmental constraints (permitting, extraordinary site conditions, etc.) will not be reconstructed and the homeowner will be provided relocation options. At the time it is determined that a

homeowner is eligible for relocation, the R3 Program will make available housing counseling services to the homeowner to inform the applicant of available housing options and information to assist the applicant in making an informed decision regarding housing options available under the relocation option. Additionally, the R3 Program provides homeowners whose homes suffered more than \$60,000 in damages the opportunity to relocate by forgoing a reconstruction award and accepting a relocation voucher.

For reconstruction and relocation activities, the h. owner must agree to own the home and use it as their primary residence for a period of five (5) years after reconstruction or successful relocation, as secured through a Sworn Grant Agreement in compliance with Rule 35.4 of the Puerto Rico Civil Procedure Rules, 32 L.P.R.A. Ap. V, R.35.4 (Entry of Judgement by Confession). Additionally, for relocation activities, the homeowner and PRDOH will execute a Direct Mortgage Deed with Imposition of Restrictive Covenants, which shall be recorded in the Puerto Rico Property Registry. The latter is a unit of the Puerto Rico Department of Justice. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property within the first five (5) years, the entire (100%) amount of the benefit received must be repaid in full to PRDOH. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property during the affordability period, the amount of benefit that must be repaid will be determined by the straight-line, linear amortization schedule for the remaining years as established by the Program in the Applicant's Grant Agreement.

For repair activities only, the ownership and occupancy compliance period will be three (3) years calculated from the final completion date, according to the terms and conditions as established in Applicant's Grant Agreement. If a homeowner moves, sells, leases, transfers, exchanges, donates, vacates, abandons, or otherwise alienates the property within the first three (3) years, the entire (100%) amount of the benefit received must be repaid in full to PRDOH. Further information about program award requirements, occupancy and residency periods, ongoing monitoring during compliance periods, and/or applicant responsibilities related to acceptance of the Program assistance will be further developed in Program Guidelines that will be published in English and Spanish at: [https://cdbg-dr.pr.gov /en/](https://cdbg-dr.pr.gov/en/) and <https://cdbg-dr.pr.gov />. Temporary relocation assistance may be available for applicants while program sponsored construction is underway, or on a case-by-case basis as determined by the Program.

Location Description:

Municipality of Mayaguez

Activity Progress Narrative:

Mayaguez (Isías)—During this reporting period, the Puerto Rico Department of Housing (PRDOH) collected data related to the flooding events. This includes coordination with the Municipal Emergency Management Office and the Citizen Assistance Office to acquire reports and citizen disaster assistance requests. As of the date of this report, the PRDOH is evaluating the data to determine the strategy of impact.

Activity Description:

The assessment of risk and unmet needs shows that the earthquake impacted areas remain vulnerable to ongoing seismic and other threats such as liquefaction. There may be homes that were not directly damaged by the earthquake events yet are within the area of impact and are not code compliant as currently constructed. This places these homeowners at continued risk because their housing structure may not withstand future disaster events, leading to the risk of loss of life and property damage. Homes that are within a reasonable proximity to other earthquake impacted homes, as defined in the program guidelines, and are not code compliant, and for which the homeowner meets eligibility criteria, may be mitigated against seismic threats by either retrofitting as a repair or reconstructing to code.

The Appropriations Act requires the use of 15% of the allocated CDBG-DR funds for mitigation activities. As

stated in the allocation notice, "mitigation activities are defined as those activities that increase resilience to disasters and reduce or eliminate the long-term risk of loss of life, injury, damage to and loss of property, and suffering and hardship, by lessening the impact of future disasters."35 Consequently, PRDOH may also meet the requirement of the CDBG-DR mitigation set-aside by including eligible recovery activities that both address the impacts of the qualified disaster, and incorporate mitigation measures into the recovery activities. 36 PR DOH will report mitigation activities expenditures as such in DRGR so that HUD and the public have visibility over compliance with this requirement. As allowed in 87 FR 6364, 6367, PRDOH will incorporate mitigation measures into the recovery activities. PRDOH plans to include PV Systems and Water Storage Systems as mitigation measures with a max award cap of \$30,000.

Location Description:

Municipality of Guanica

Activity Progress Narrative:

PRDOH will incorporate mitigation measures into the recovery activities performed on earthquake-affected homes. PRDOH plans to include Photovoltaic (PV) Systems and Water Storage Systems (WSS) as mitigation measures to assist approximately 294 applicants.

Activity Description:

The assessment of risk and unmet needs shows that the earthquake impacted areas remain vulnerable to ongoing seismic and other threats such as liquefaction. There may be homes that were not directly damaged by the earthquake events yet are within the area of impact and are not code compliant as currently constructed. This places these homeowners at continued risk because their housing structure may not withstand future disaster events, leading to the risk of loss of life and property damage. Homes that are within a reasonable proximity to other earthquake impacted homes, as defined in the program guidelines, and are not code compliant, and for which the homeowner meets eligibility criteria, may be mitigated against seismic threats by either retrofitting as a repair or reconstructing to code. The Appropriations Act requires the use of 15% of the allocated CDBG-DR funds for mitigation activities. As

stated in the allocation notice, "mitigation activities are defined as those activities that increase resilience to disasters and reduce or eliminate the long-term risk of loss of life, injury, damage to and loss of property, and suffering and hardship, by lessening the impact of future disasters."35 Consequently, PRDOH may also meet the requirement of the CDBG-DR mitigation set-aside by including eligible recovery activities that both address the impacts of the qualified disaster, and incorporate mitigation measures into the recovery activities. 36 PR DOH will report mitigation activities expenditures as such in DRGR so that HUD and the public have visibility over compliance with this requirement. As allowed in 87 FR 6364, 6367, PRDOH will incorporate mitigation measures into the recovery activities. PRDOH plans to include PV Systems and Water Storage Systems as mitigation measures with a max award cap of \$30,000.

Activity Progress Narrative:

Understanding the allocation, PRDOH continues providing support to CONSUR, prioritizing the requirements of providing housing. The Resurge Program (Earthquake assistance) is designed to assist homeowners with the repair, reconstruction, or relocation following the R3 Program structure and Guidelines. During this quarter, PRDOH provided technical assistance related to the Program structure, workflows, guidelines, and process established as part of support for the CONSUR efforts.
