Dear Ms. Díaz:

Reference is made to your electronic message dated September 21, 2020 related to the proposed rehabilitation of existing infrastructure such as sewer, potable water and electricity facilities, and housings units within the footprint of the existing 264 housing project built in the late of 1960, as shown on attached aerial photo submitted subsequently as part of your request for comments. The project site is located at the existing housing project, south of Eduardo Conde Avenue in Santurce Ward, San Juan, Puerto Rico.

The proposed activity will not require a Department of the Army permit, as the activity is not regulated. This NPR does not address nor include any consideration for geographic jurisdiction on aquatic resources and shall not be interpreted as such.

This letter does not obviate the requirement to obtain any other Federal, State, or local permits that may be necessary for your project. Should you have any questions, please contact me at carmen.g.roman@usace.army.mil.

Thank you for your cooperation with our permit program.

Sincerely,

ROMAN.CARMEN.
