On 3/5/2018, Municipality of Trujillo Alto submitted a document titled “Vista Pública sobre Delegación de Fondos CDBG-DG Municipio de Trujillo Alto, Puerto Rico”, which presents the ability of the municipality to manage federal funds, summarizes storm impact, and suggests activities to be funded under CDBG-DR.

Community impact is summarized as follows:

- 3,861 damaged homes which have not received assistance from FEMA
- Damaged pumping stations
- Dilapidated public buildings and bridges
- Decreased economic activity

Trujillo Alto suggests the following activities be funded under CDBG-DR funds.

Housing

- Rehabilitate housing units
- Provide rental assistance
- Provide loans for acquisition and rehabilitation of housing
- Provide down payment and closing costs for rental properties

Infrastructure

- Construct a 4 lane road to La Gloria neighborhood
- Improve bridges and municipal roads
- Rehabilitate building to be used as transitional shelter for families impacted by disaster. Shelter should include respiratory therapy center and emergency medical equipment
