**Access Control Security System Acquisition**

On June 29, 2021, the CDBG-DR Procurement Division received the Procurement Process Request Package for Access Control Security System Acquisition. The Request Package included the following documents: Scope of Work (SoW), Cost Estimate, IT Office Concurrence Form, and the Request for Certification of Funds Form. According to the Scope of Work, the selected supplier shall provide the PRDOH with an access control security system including the wiring and installation services for the second and third floor of the CDBG-DR Program in the PRDOH Headquarters in Ave Barbosa, San Juan PR 00923. The Cost Estimate was developed for budgetary purposes based on costs of a previous awarded procurement process<sup>1</sup>. The cost for the receptionist door release button was obtained from market prices from Home Controls, Amazon and B&H stores. On June 30, 2021, the Finance Division certified the availability of funds for \$46,717.94. With all documentation obtained for the purchase process reviewed, the Procurement Division continued to solicit quotes.

On July 13, 2021, Mrs. Lymari De Jesús PRDOH's Chief of IT Office, sent a memorandum to the CDBG-DR Procurement Division remarking the importance, in order to keep a proper and unified security system, to enhance the use of the current system (Vanderbilt Industries) with certified Vanderbilt Industries dealers on Puerto Rico. Mrs. De Jesús identified – of her own knowledge- two companies: AVAC Technology Corp. d/b/a Time Quest PR and Prime Security Technologies. Certainly, it is pertinent to point out that according to the memo; Prime Security Technologies is the current operator of PRDOH's access control security system since 2006, and since 2012 on the Public Housing Administration (AVP, by its Spanish acronym).

According to Mrs. De Jesús, besides the fact to unify the security system with the other floors security access, it is economic to keep the current Vanderbilt's security system and would be beneficial to the existing building emergency alarm system. The CDBG-DR Procurement Division did perform a research to verify if the aforementioned companies

---

<sup>1</sup> CDBG-DR-PO-2019-00003

identified by Mrs. De Jesús were the only Vanderbilt Technologies certified dealers across Puerto Rico. The internet research and the phone calls made to Vanderbilt Technologies did not come with any reliable outcome; however, by information provided by Mrs. De Jesús, there is documentation submitted by Vanderbilt Technologies which indicate AVAC Technology and Prime Security Technologies are certified dealers.

Based on the information provided by Mrs. De Jesús, as to the only two certified Vanderbilt dealers, the Procurement Division sent the Request Package for Quote via email to the following suppliers:

1. AVAC Technology Corp. d/b/a Time Quest PR
2. Prime Security Technologies

On July 20, 2021, the Procurement Division sent the invitation email with the Request Package for Quote to the above-mentioned entities. Initially, the deadline to submit quotes was established on or before July 28, 2021. In addition, on July 20, 2021, the invitation was notified to the Section 3 personnel in order for them to share the Request Package for Quote with the Section 3 businesses and MWBE database.

On July 23, 2021, the Procurement Division received the quote of AVA Technology Corp.

The CDBG-DR Procurement Division received an email of interest from Mrs. Melissa Pérez García on July 27, 2021; acting on behalf of I/O Automation of PR, which were interested in this small purchase. In return, the CDBG-DR Procurement Division sent the Request Package for Quote to this potential supplier through email on July 28, 2021. However, it is necessary to state that I/O Automation of PR did not mention if they distribute or work with Vanderbilt Industries products. A quick review of their website clearly shows they do not distribute Vanderbilt Industries equipment ([www.ioautomationpr.com](http://www.ioautomationpr.com) ).

Due to the lack of response of Prime Security Technologies, on July 28, 2021, the Procurement Division resent an email reminder with the Request for Quotation Package. Because of the lack of received quotes, on that very same day, July 28, 2021, the Procurement Division sent the addendum No. 1 to all the previously mentioned vendors, stating the extended deadline to submit quotes on or before July 30, 2021. Later on Wednesday, July 28, 2021 at 4:45 PM, the Procurement Division received the quote from Prime Security Technologies. The next day, July 29, 2021 the Procurement Division received the quote from I/O Automation of PR. The extended deadline of July 30, 2021 remained unaltered.

For the submission of quotes, the Procurement Division established a shorter term than 30 days in accordance with the necessity of the purchase, as stated by the Operations Division in the Procurement Process Request Form dated June 29, 2021, which requested to shorten the quotations period to 10 calendar days.

Table 1. Below summarizes the responses received.

Entity	Response	Date received	Time
AVAC Technology Corp. d/b/a Time Quest PR	Quote	July 23, 2021	5:09 PM
Prime Security Technologies	Quote	July 28, 2021	4:45 PM
I/O Automation of PR	Incomplete Quote	July 29, 2021	1:14 PM

Shortly after receiving the Cost Form of the last prospective supplier (I/O Automation of PR), on July 29, 2021, the Procurement Division wrote back to this potential supplier a request for clarification email to this entity. I/O Automation of PR sent us the Cost Form filled and signed, but they did not send the other documents (Request for Quotation Form, Scope of Work, Terms & Conditions, Supplier Profile Sheet, Non Conflict of Interest Certification, Non Conflict of Interest on Existing or Pending Contracts Certification, Model Contract and Insurance Requirements known as OSPA) that are attached to the Request Package for Quote. This company did not write back to amend this error.

After careful evaluation of the only document submitted by I/O Automation of PR, and the lack of a response to Procurement Division’s request for clarification email regarding the insufficiency of the other documents, the Procurement Division has determined that I/O Automation of PR's quote is not responsive.

To ensure that the quotes received comply with the technological specifications established in the Scope of Work, the Procurement Division requested technical assistance from our Information Technology Specialist, Mr. Héctor Marrero Coll, in order to evaluate the received quotes from both vendors and the descriptions of the equipment submitted by the aforementioned entities. Mr. Marrero Coll did the correspondent technical evaluation. He found some mathematical errors, equipment requested with the SoW that was not in the received quotes and additional equipment not requested at the SoW. As part of this technical evaluation, Mr. Marrero Coll became aware that during the visual inspection of PRDOH’s premises by the representatives of AVAC Technology and Prime Security technology on July 20, 2021, they did notice that the current access control security system have to be completely uninstalled on floor two (2) and three (3); in order to put a new control security system. This sole fact could increase the original Cost Estimate for this purchase, which also was not originally contemplated on the SoW.

Due to this situation, on August 3, 2021 it was sent to both sellers a Request for Information emails, in order to clarify their respective quotes. The deadline was on the next day,

August 4, 2021, which were received the responses of both dealers. Certainly, both quotes changed, but AVAC Technology kept the original quotation amount, while the quote of Prime Security Technology was decreased slightly than their original quotation amount, due to the elimination of shipping costs.

Definitely, AVAC Technology and Prime Security Technologies met all required specifications in the solicitation. Both entities are over the cost/price estimated for the goods to acquire in this Small Purchase procurement method, which is a key factor to consider. However, the Prime Security Technologies' quotation is slightly over the cost/price estimated for the goods, which is worth to keep under evaluation.

Table 2. Price reasonableness verification

Supplier	Quote	Cost Estimate	Comparison with Cost Estimate
AVAC Technology Corp.	\$60,260.00	\$46,717.94	28.99%
Prime Security Technologies	\$55,440.00		18.67%

In order to determine the reasonableness of the price, the Procurement Division performed a price reasonableness verification by comparing the total quote received in response to the solicitation to the cost estimate. (Table 2). As a result, the Procurement Division determined the price to be reasonable, while taking into account to the uniformity of PRDOH's control access security system, current alarm system, economic cost to PRDOH and the cost of unexpected uninstallation of the current access control security system on floor 2 and 3.

The Procurement Division searched the System for Award Management (SAM) to confirm the eligibility of Prime Security Technologies. The Limited Denial of Participation (LDP), HUD Funding Disqualifications and Voluntary Abstention List was also searched to confirm that the supplier is not under a HUD imposed LDP. Copy of the search results will be retained in the Procurement File.

Given the above, the Procurement Division recommends awarding the Small Purchase for Access Control Security System Acquisition to Prime Security Technologies a responsive and responsible supplier whose quote is reasonable and meets the requirement of this solicitation.
