Re: Request for Proposals No. CDBG-DR-RFP-2020-02
Increased Capacity- Environmental Services

Mr. Burgiel,

On July 17, 2020, the Puerto Rico Department of Housing (PRDOH) issued the Request for Proposal No. CDBG-DR-RFP-2020-02 for increased Capacity- Environmental Services (the RFP-2020-02) under the Community Development Block Grant for Disaster Recovery (CDBG-DR). This RFP seeks to select one or more qualified firms to provide aid to augment the capacity of the environmental services needed for the implementation of the R3 program as related to programs under the CDBG-DR grant(s) for a period of three years with optional extensions of up to two additional years.

On March 12, 2021, the Bid Board of the Puerto Rico Department of Housing (the Board) with quorum duly constituted, pursuant Article II, Section 1 (e) of the Regulation No. 9075 of February 26, 2019, on the Procurement Manual and Contractual Requirements for CDBG-DR (Regulation 9075), upon evaluation of the recommendation issued by the CDBG-DR Procurement Division regarding the process for the Increased Capacity-Environmental Services under the RFP-2020-02, including the Evaluation Committee Report dated December 16, 2020, decided to award the RFP-2020-02 to Tetra Tech Inc for \$4,796,250 with an initial three year term with two optional extensions of one year and Behar Ybarra LLC for \$5,412,938 with an initial three year term with two optional extensions of one year for Increased Capacity- Environmental Services under the CDBG-DR program. **(Exhibit I-Bid Board Resolution dated March 12, 2021).**

In response to the RFP-2020-02, Tetra Tech Inc submitted a Proposal to the PRDOH on August 20, 2020. In addition to the Proposal submitted, the PRDOH received six additional Proposals for a total of seven Proposals in response to the RFP-2020-02:

2. Behar Ybarra & Associates LLC.
3. Jacobs Puerto Rico Inc.
4. Tetra Tech Inc.
5. Innovative Emergency Management Inc
6. BLN PR
7. CIS International LLC

The proposals were evaluated by an Evaluation Committee appointed by virtue of Administrative Order No. 20-31 dated August 31,2020. The Evaluation Committee performed an evaluation of the Proposals based on the criteria stated in the RFP-2020-02. The following criteria were considered as part of the evaluation:

- Mandatory Requirements (Pass/Fail) (Section 6.1 of the RFP)
- Qualifications (50 Points) (Section 6.2. of the RFP)
- Work Approach (50 Points) (Section 6.3. of the RFP)
- Cost Proposals (35 Points) (Section 8)
- Preference of 5 points Section 3 Business Concern (Section 7 of the RFP)
- Preference of 5 points MWBE (Section 7 of the RFP)

Initial evaluation considered the Mandatory Requirements of the Proposals stated in Section 6.1 of the RFP-2020-02. Those Proposers whose Proposals passed the Mandatory Requirements were evaluated by the Evaluation Committee for Qualifications and Work Approach. To be considered "Qualified", Proposers needed to obtain a score greater than or equal to 70 points in the evaluation of their Qualifications and Work Approach. Three Proposers, Behar Ybarra & Associates LLC, Tetra Tech Inc and Jacobs Puerto Rico Inc, were considered "Qualified" for the services. A summary of the results of the evaluation of each Proposal is shown in **Table 1** below:

Tetra Tech Inc	PASSED	45.6	47	10	102.6	YES	\$3,922,500	30	132.6

Tetra Tech Inc., Behar Ybarra & Associates LLC and Jacobs PR, were considered Qualified for the services. According to Section 9.3 of the RFP, once the technical evaluation of the proposals was completed, the Evaluation Committee evaluated the Cost Proposals submitted by all three Qualified Proposers Behar Ybarra & Associates, Tetra Tech, Inc. & Jacobs PR Inc. using the formula below:

Cost Proposal Points = $\frac{\text{Lowest Proposal Cost Received}}{\text{Proposal Cost}}$ x [Max. Cost Proposal Points]

The Evaluation Committee combined the technical evaluation (Qualifications and Work Approach) and Cost Proposal Points and obtained the Total Proposal Points included in Table 1. The Evaluation Committee recommended negotiations with the three qualified proposers, with the intent of allowing qualified proposers to revise their Cost Proposals, in order to maximize the PRDOH availability to obtain the best possible offer, based on the requirements of the RFP. The PRDOH Procurement Division, based on the recommendation of the Evaluation Committee, opened negotiations with the Qualified Proposers.

On December 23, 2020, the Procurement Division and the Programmatic Area joined during clarifications meetings in which Qualified Proposers had the opportunity to explain how the tasks will be provided in accordance with the scope of the RFP. During the meetings, the Procurement Division provided with some clarifications regarding proposers assumptions for the environmental services.

On January 4, 2021, the Procurement Division sent a letter to Behar Ybarra & Associates, Tetra Tech, Inc. & Jacobs PR Inc to request to revise their Cost Proposals. After the qualified proposers submitted their revised Cost Proposals, each qualified proposer's cost proposal points were revised in order to obtain the total proposal points. **Table 2** summarizes evaluation results after BAFO:

Table 2: Evaluation results after revised Cost Proposals for
Increased Capacity-Environmental Services

PROPOSER	MAN. REQ. PTS	TOTAL POINTS	QUALIFIED	REVISED COST PROPOSAL	COST PROPOSAL POINTS	TOTAL PROPOSAL POINTS
BEHAR YBARRA & ASSOCIATES LLC	PASS	98.4	YES	\$4,825,875	22.3	120.7
TETRA TECH INC.	PASS	102.6	YES	\$3,592,500	30	132.6
JACOBS PR INC.	PASS	97.5	YES	\$10,807,500	9.9	107.4

As illustrated in **Table 2**, after corresponding negotiations by the Procurement Division, Tetra Tech, Inc. achieved the highest total proposal score of 132.6 points, followed by Behar Ybarra & Associates LLC with 120.7 points and Jacobs Puerto Rico, Inc with 107.4 points. The PRDOH compared proposed unit prices per task and revised contracts for similar services to determine reasonable cost. After thoroughly evaluating the BAFOs received from the Qualified Proposers, the Procurement Division determined that Tetra Tech Inc and Behar Ybarra & Associates LLC revised Cost Proposals were one of reasonable cost for the services. The Procurement Division concluded that Jacobs Puerto Rico, Inc. revised cost proposal was unreasonable even after taking under consideration variables such as contracts of similar scope and scale.

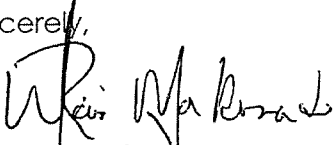

The list of Proposers, which is attached hereto and made an integral part hereof as **Exhibit II**, details the contact information of all Proposers that submitted a Proposal in response to RFP-2020-02.

Any person, party or entity that considers itself having been adversely affected by an award determination of the Bid Board made under the provisions of the Regulation 9075, may file a petition for reconsideration with the Bid Review Board (Request for Reconsideration) within 20 days from the date on which a copy of the Award Notice was duly notified in accordance with Section 3.19 of Act 38-2017, Uniform Administrative Procedures Act of the Government of Puerto Rico (LPAU). Simultaneously, with the filing of the Request for Reconsideration, said person, party or entity shall submit a copy of the Request for Reconsideration to all the parties in the process and to the PRDOH. Alternatively, a petition for review may be filed before the Court of Appeals of Puerto Rico.

The mere presentation of a Request for Reconsideration will not have the effect of halting the contested award. The Bid Review Board may or may not consider the Request for

Reconsideration. The terms in relation to this action or lack of action, as well as its Judicial review shall be those established in LPAU, supra.

Sincerely,

William G. Ríos Maldonado, Esq.

ATTACHMENT 1
SCOPE OF SERVICES

Request for Proposals (RFP)
Increased Capacity - Environmental Consulting Services
Community Development Block Grant – Disaster Recovery
Puerto Rico Department of Housing

1. Introduction and Overview

The Puerto Rico Department of Housing (hereinafter PRDOH) is issuing this Request for Proposals (RFP) increase current capacity for environmental services for the CDBG-DR grant, under the Action Plan and subsequent action plans. It seeks to select additional Environmental Firm(s) that will aid in the PRDOH's objectives of strategic preparation and development of CDBG-DR Home Repair, Reconstruction, or Relocation (R3) Program.

Proposers must understand the CDBG-DR's program initiatives, goals, and regulations, including Federal Register Notices 83 FR 5844 and 83 FR 40314. Proposers must be familiar with the Department of Housing and Urban Development (hereinafter HUD) latest acronyms, glossary, laws, policies, guidelines and design standards applicable to this RFP's Scope of Services. The proposer remains fully responsible for determining if the information mentioned before has been revised or updated.

A detailed description of the CDBG-DR programs is included in the Action Plan approved by the U.S. Housing and Urban Development (HUD) on July 29, 2018. A complete copy of the Action Plan is available at www.cdbg-dr.pr.gov/action-plan.

The scope of services presented is based upon circumstances existing at the time the RFP is released. PRDOH reserves the right to modify or delete the tasks listed and, if appropriate, add additional tasks prior to and during the term of the contemplated contract.

1.1. CDBG-DR Housing Programs

PRDOH has structured recovery programs for first-wave implementation that meet the immediate housing needs of the most vulnerable populations on the island by emphasizing housing programs that serve low-to-moderate income households and prioritize elderly persons age 65 and above. Through these programs, home repair and reconstruction will begin in earnest in a way that does not perpetuate building in high risk areas.

A brief description of the CDBG-DR Home Repair, Reconstruction, or Relocation Program and its objectives follows:

Provides funding to repair damaged homes or rebuild substantially damaged homes in place in non-hazard areas. Reconstruction activity returns otherwise displaced families to their homes in their same community. Homes become eligible for reconstruction when the property estimated cost of repair exceeds the lesser of \$60,000 or 50% of the current value (as confirmed through program inspection), or if a feasibility inspection determines that reconstruction is required. Homes that may not be rebuilt in place due to legal, engineering or environmental

constraints (permitting, extraordinary site conditions, etc.) will not be reconstructed and the homeowner will be provided relocation options. Homes with existing damage equal to or less than the lesser of \$60,000 or 50% of the current value will be rehabilitated to achieve standards and compliance with applicable building codes. For additional details of the Program refer to the Action Plan. The Program has the following objectives:

- + Return displace homeowners
- + Reconstruct housing to higher resilience standard
- + Revitalize weak and aging housing stocks
- + Moving households out of unsafe conditions

For each project, the Selected Proposer will create an Environmental Review Record ("ERR") meeting the above legal requirements and documenting PRDOH's review and compliance with the related federal authorities listed in 24 CFR 58. This will include structure verification of dates of construction with aerial imagery, and the preparation of brief forms, as needed, by staff meeting the Secretary of Interior's (SOI) Professional Qualifications Standards for Architecture or Architectural History for submission to the State Historic Preservation Office (SHPO) regarding structures 45 years in age or greater that are recommended as not eligible for listing in the National Register of Historic Places.

The Selected Proposer will assess the feasibility of the proposed project in relation to the required level of environmental review and make a recommendation to PRDOH as to the appropriate level of review (e.g. Environmental Impact Statement, Environmental Assessment,

Categorically Excluded, etc.). The Selected Proposer will be responsible for coordinating with the project sponsor (PRDOH) and the oversight/regulatory agencies to assure permits and/or compliance documentation is obtained for each ERR.

The primary service will be the generation of Tier II Environmental Review Records for the Reconstruction, Repair and Relocation (R3) program. The template for the Tier II Environmental Review Records will be generated from the system of record, Canopy. The Proposers will be expected to use that template (generated from the Tier I documents) for their Tier II reports.

This task requires the Proposer to have the capability to evaluate potential environmental impacts of proposed activities identified in 24 CFR 58.5 and 24 CFR 58.6, and the NEPA requirements at 40 CFR 1500.

The following activities are included in this task, as may be required by PRDOH on a project by-project basis:

- + Maintain contact list of governmental and non-governmental stakeholders.
- + Mail, email and otherwise distribute legal notices to interested stakeholders.
- + Arrange for publication of legal notices in newspapers to reach members of the public likely to have an interest in the proposed project.
- + Assist PRDOH in summarizing comments and preparing responses to comments as necessary.
- + Create and coordinate summary reports to update PRDOH on each project's status and compliance on environmental review requirements.
- + Perform any other duty that relates to 24 CFR Part 58, HUD Environmental Reviews and Puerto Rico's Environmental Laws and regulations [Puerto Rico Environmental Quality Board (JCA for its Spanish Acronym) and Puerto Rico Department of Environmental and Natural Resources (DRNA for its Spanish Acronym)] and other environmental requirements.

3.3. Re-evaluate environmental based on a change in the project intent

The Proposer will review the project intent to make the corresponding adjustments whenever it is determined that the construction work to be carried out is different from the one originally established (i.e. from repair to reconstruction). The project intent is a determination of should the structure be Repaired, Reconstructed, or should be applicant be Relocated.

The services required under this task include, as may be required by PRDOH on a project by-project basis, but are not limited to the following:

- + Meet with PRDOH staff and any project partners (including Grant Manager, Program Managers, and Construction Managers).
- + Review the Environmental Review Record ("ERR").
- + Review the assessment of feasibility of the proposed project in relation to the required level of environmental review and make a recommendation to PRDOH as to the appropriate level of review (e.g. Environmental Impact Statement, Environmental Assessment, Categorically Excluded, etc.).
- + If needed, the Proposer will be responsible for coordinating with the project sponsor and

the oversight/regulatory agencies to assure permits and/or compliance documentation is obtained for each ERR.

- + Perform any other duty that relates to 24 CFR Part 58, HUD Environmental Reviews and Puerto Rico's Environmental Laws and regulations [Puerto Rico Environmental Quality Board (JCA for its Spanish Acronym) and Puerto Rico Department of Environmental and Natural Resources (DRNA for its Spanish Acronym)] and other environmental requirements.
- + Any other activity needed to accomplish this task.

3.4. Specialized Services on as needed basis

The environmental review process may require the Selected Proposer to sub-contract specialized services. In that event, the Selected Proposer must submit a list of the specialized services to be sub-contracted among those listed below. The information should include a brief information about the services contained within, name of the resource or subcontractor, résumé or professional information and rate per hour or per task, as applicable.

Whenever a specialized service will be used, the Selected Proposer will submit to the PRDOH a Request for Authorization (RFA), which includes the justification and costs for the services to be subcontracted or performed by the Selected Proposer. An allowance will be included in the contract for specialized services on as-needed basis, after the RFA is approved by PRDOH. Since the costs for specialized services will be paid from an allowance, if needed and after approval, the Selected Proposer shall not include any amount for specialized services in its Cost Proposal in response to this RFP.

The following services, but not limited to, are considered specialized (this is not an all-inclusive list):

3.4.1. Wetland Evaluations and Delineations

When required and for the approval process of the RFA, the proposer must provide information and costs regarding the specialized services that may be included as wetland evaluations and delineations.

3.4.2. Historical and Archaeological Studies

When required and for the approval process of the RFA, the proposer must provide information and costs regarding the specialized services that may be included as architectural and archaeological studies. Such services may include, but are not limited to, conducting on-site research and preparing detailed forms and mapping that assess the National Register of Historic Places eligibility for both architectural resources and archaeological resource potential, and performing architectural and archaeological surveys necessary to assure PRDOH's compliance with Sections 106 and 110(k) of the National Historic Policy Act and implementing regulations at 36 CFR 800, in compliance with the Programmatic Agreement between PRDOH and SHPO, as needed. The personnel that will be performing the Architectural and Archaeological studies must meet the National Park Service's Secretary of the Interior's (SOI) Professional Qualifications Standards.

The Architectural Historians and Archaeologists must:

- Must meet the Secretary of Interior (SOI) Professional Qualifications Standards (https://www.nps.gov/history/local-law/arch_stnds_9.htm).
- Architectural Historian and Archaeologist resumes will be submitted to HUD and SHPO for approval prior to authorization to work on the project.

3.4.3. Other Specialized Environmental Services

When required and for the approval process of the RFA, the Proposer must provide information and costs regarding the specialized services that may be included as other specialized environmental services.

4. Key Deliverables

The key deliverables to be provided include, but are not limited to, the following:

4.1. Environmental Review

- + The majority of the environmental review work will be completion of Tier II Environmental Review Records. Although as applicable, reviews of Exempt Activity in accordance with 24 CFR 58.34; reviews of Categorical Exclusion in accordance with 24 CFR § 58.35(b); reviews of Compliance with legal authorities in 24 CFR §§ 58.5(a) and 58.6; Environmental Assessments; Tiered Environmental Assessments; EIS Scopes of Work; Environmental Impact Statements; and Tier II checklists must be completed in a format specified by PRDOH. Additionally, there could be re-evaluation work on the Tier II if the project intent changes after the Tier II is approved. Each such deliverable must include a concise rationale documenting environmental findings and supporting the proposed determinations.
- + Perform all services such that it is compatible with the PRDOH system of record, Canopy. The Tier II checklist and other forms are contained within Canopy, which also acts as a workflow system.

Re: Recommendation for Award
Request for Proposal No. CDBG-DR-RFP 2020-02
Increased Capacity- Environmental Services
Community Development Block Grant for Disaster Recovery

On July 17, 2020, the Puerto Rico Department of Housing (PRDOH) issued the Request for Proposal No. CDBG-DR-RFP 2020-02 Increased Capacity for Environmental Services under the Community Development Block Grant - Disaster Recovery (the RFP). This RFP seeks to select three or more firms to provide Environmental Services, that will aid the capacity of the environmental services and respond to the increased demand of services needed to support the Home Repair, Reconstruction, or Relocation Program (R3 program). Services includes environmental site assessments, environmental reviews and reevaluations based on a change in the project intent.

It shall be noted that on September 19, 2018, the PRDOH issued Request for Proposals CDBG-DR-RFP 2018-03 Environmental Consulting Services with CDBG-DR funds. This request was placed through a public notice. Afterwards, the PRDOH requested Proposals from qualified Proposers. Through the procurement process, PRDOH was able to reach two qualified firms; Arcadis Acribe, PSC (Arcadis) and Tetra Tech, Inc. (Tetra). Arcadis and PRDOH executed an Agreement for Environmental Services on July 8, 2019; Contract Number: 2020-DR0001; Tetra Tech and PRDOH executed an Agreement for Environmental Services on August 2, 2019, Contract Number: 2020-DR0010.

During the performance of the contracts, the R3 Program with support of Home, LLC (the Grant Manager) determined the need to increase the volume of environmental reviews to address the goals of the R3 Program and its participants.

During the queries period of the RFP, a question was submitted regarding the participation of existing environmental consultants in the current RFP. The Procurement Division submitted the following legal issues for an opinion to the CDBG-DR's Legal Division.

606 Barbosa Avenue, Building Juan C. Cordero Dávila, Río Piedras, PR 00918
P.O. Box 21365 San Juan, PR 00928-1365
Tel: (787)274-2527 | www.vivienda.pr.gov

- May the current entities under contract for environmental services be excluded from participating since the objective of the RFP is precisely to increase the capacity due to the need of additional environmental services?
- Is there an obstacle to excluding the current environmental review contractors, considering, among others, the full and open competition principle?

On July 9, 2020, the Legal Division issued an opinion concluding essentially that to provide full and open competition the RFP shall not exclude contractors or bidders. **(Exhibit A)** Addendum 6 was issued on August 17, 2020, with a revised answer to a question from Jacobs Puerto Rico, Inc., regarding if current Environmental Consultants are precluded from this RFP. PRDOH answered that *"Any person or entity including PMs or CMs that are currently delivering on the R3 Program are allowed to submit a Proposal for this RFP. However, the PRDOH will evaluate any apparent, potential or actual conflicts of interest for any entity that may opt to submit a proposal, according to the applicable rules of conflict of interest for CDBG-DR Program."* **(Exhibit B).**

The Proposers must submit their proposals addressing environmental services considering the following tasks: (a) environmental surveys and assessments, (b) environmental review, and (c) environmental re-evaluation based on a change in the project intent. The PRDOH considered an estimated quantity of 6,000 units for the environmental site assessment and environmental review tasks and assumed that at least 1,500 of the environmental reviews performed will be reevaluated as the construction work to be carried out will differ from the originally established (for example from repair to reconstruction). The environmental review process may require the selected proposer to provide for specialized services on as needed basis. For specialized services, the selected proposer will submit to the PRDOH a Request for Authorization (RFA), which includes the justification and costs for the services to be subcontracted or performed by the selected proposer. An allowance will be included in the contract for specialized services on as-needed basis, after the RFA is approved by PRDOH.

According to the RFP, the term of the contract will be for three years with optional extensions of up to two additional annual extensions. The PRDOH reserved the right, without limitations, to: (i) cancel this solicitation and reissue this RFP or another version of it; (ii) amend the contract(s) of the selected proposer(s) to, among others, extend its original term or to include additional work as related to the programs and services requested herein; and (iii) select three or more qualified proposers and divide estimated quantities of tasks among the different selected proposers.

The contract shall be awarded to the responsible firm(s) whose technical approach to the project, qualifications, price and/or any other factors considered, are most advantageous to the PRDOH provided that the price is within the maximum total budgeted amount established for the specific activity.

According to Regulation No. 9075 dated February 26, 2019, the Procurement Manual and Contractual Requirements for CDBG-DR, prior to issuing the RFP, the PRDOH developed an Independent Cost Estimate (ICE) in the amount of \$10,218,750 (**Exhibit I**). On June 8, 2020 the Finance Division certified the availability of funds for the RFP.

A summary of the ICE is included in **Table 1** below:

The RFP set from August 10, 2020, at 8:00am until August 12, 2020, at 4:00pm as the submission date and time for all proposers to submit their proposals. On June 31, 2020, the PRDOH issued Addendum No.3 to extend the proposal submission date and time from August 17, 2020, at 8:00am up to August 19, 2020, at 4:00pm. Addendum No.6 dated August 17, 2020, extended the proposal submission date and time to August 20, 2021, at 4:00pm. The Procurement Division received seven proposals within the Proposals Due Date and Time. **Table 2** illustrate the order, date and time that each proposal was received by the PRDOH.

In accordance with the terms of the RFP, an Evaluation Committee was appointed to evaluate the Proposals. On August 31, 2020, the Secretary of the PRDOH issued the Administrative Order No. 20-31 to appoint the following members to the Evaluation Committee: Ailyn Rodriguez Del Valle, Chairwoman, Pedro Marrero and Natalia Maldonado Nuñez.

On December 16, 2020, the Evaluation Committee subscribed the Evaluation Committee Report (**Exhibit II**). As the RFP stated, initial evaluation considered the Mandatory Requirements. If the proposer comply with these requirements, then were evaluated for Qualifications and Work Approach Requirements. Once the technical evaluation was completed, by the Evaluation Committee, the Cost Proposal submitted by Qualified proposer(s) were to be evaluated based on the following formula:

Cost Proposal Points = $\frac{\text{Lowest Proposal Cost Received}}{\text{Proposal Cost}}$ x [Max. Cost Proposal Points]

To be consider "Qualified Proposer" their proposals must obtain a score greater or equal to 70 points in the evaluation of Qualification and Work Approach requirements. Finally, the Evaluation Committee will recommend the Qualified Proposers with the proposal, conforming to the RFP, which obtained the Best Value.

Table 3 below presents the proposals scoring summary that may be awarded to Proposals based on the criteria established in the RFP.

Behar Ybarra & Associates LLC (BYA) passed the mandatory requirements evaluation of this RFP. For the qualifications BYA obtained an average score of 48.7 points. In the work approach requirements the proposer obtained an average score of 49.7. Related to the Section 3/MWBE preference established in Section 7 of the RFP, the Evaluation Committee did not award any additional preference points. This resulted in a total technical score of 98.4. Consequently, BYA was considered Qualified and the Evaluation Committee continued the evaluation of the Cost Proposal.

According to the Evaluation Committee Report, it was requested to BLN PR, to provide documents regarding the mandatory requirements. The information requested was: (i) organizational documents; and (ii) Financial Requirements, including Year-end information. BLN PR failed the Mandatory Requirements. According to the RFP, a total grading of 70% or more was required to obtain a rating of pass in the financial requirements evaluation. The financial consultant, KRESTON PR, LLC performed the evaluation of the financial mandatory requirements section of the RFP based on the information submitted by BLN PR. It was concluded by the financial consultant that BLN PR failed the mandatory financial requirements evaluation after obtaining a **47.67%** from the 70% required². Therefore, BLN PR failed the mandatory requirements evaluation and

¹ IEM should not be considered because of the potential of conflict of interest according to legal opinion subscribed on December 2, 2020. PRDOH and IEM executed a contract on July 15, 2019, to provide Program Management Services (Agreement). IEM evaluates the environmental reports prepared by the subcontractors for the R3 Program. The legal opinion concluded that a potential conflict of interest could arise if IEM is awarded the RFP. The Evaluation Committee understood that the Proposer was not qualified for the services and did not continue with the evaluation of the Cost Proposal.

² Refer to letter dated October 19, 2020 signed by Frank Sanchez, from KRESTON, PR LLC.

the Evaluation Committee did not continue to evaluate the qualifications and work approach requirements.

CIS International, LLC (CIS) passed the mandatory requirements evaluation of this RFP. For the qualifications CIS were evaluated and obtained an average score of 37.5 points. In the work approach requirements the proposer obtained an average score of 11.6. Related to the Section 3/MWBE preference established in Section 7 of the RFP, the Evaluation Committee did not award any additional preference points. This resulted in a total technical score of 49.1. To be consider "Qualified Proposer" the proposer must obtain a score greater or equal to 70 points in the evaluation of Qualification and Work Approach requirements. Consequently, CIS International, LLC was not considered Qualified and the Evaluation Committee did not continue the evaluation of the Cost Proposal.

According to the Evaluation Committee Report, it was required to CMA Architects & Engineers, LLC to provide documents regarding the mandatory requirements section of the RFP.

The information requested was: (i) Exhibit A-1 (Mandatory Requirement Proposal Checklist); (ii) 6.1.3 Financial Requirements, including Year-end Information, Year to date information and documentation related to the Line of Credit or Cash availability as established in the RFP.

The proposer did not submit any document for this requirement of information. According to the RFP, a total grading of 70% or more was required to obtain a rating of pass in the financial requirements evaluation. The financial consultant, KRESTON PR, LLC performed the evaluation of the financial requirement section of the RFP based on the information submitted by CMA Architects & Engineers, LLC. It was concluded by the financial consultant that CMA Architects & Engineers, LLC failed the mandatory financial requirements evaluation after obtaining a **49.44%** from the 70% required³. Therefore, CMA Architects & Engineers, LLC failed the mandatory requirements evaluation and the Evaluation Committee did not continue to evaluate the qualifications and work approach requirements.

Innovative Emergency Management Inc, (IEM) passed the mandatory requirements evaluation of this RFP. For the qualifications IEM obtained an average score of 43.7 points. In the work approach requirements the proposer obtained an average score of 31.7. Related to the Section 3/MWBE preference points, the Evaluation Committee awarded five points. This resulted in a total technical score of 80.4. During the evaluation of the cost proposal, the Evaluation Committee requested the Procurement Division to consult with the Legal Division about a potential conflict of interest taking into consideration the services included in the RFP and that IEM is one of the program managers for the R3 Program. According to the legal opinion dated December 2, 2020, a potential conflict

³ Refer to letter dated October 19, 2020 signed by Frank Sanchez, from KRESTON, PR LLC.

of interest could arise if IEM is awarded the RFP. As stated in the legal opinion, [...] the fact that if IEM is awarded the RFP, it will be in a position to review the environmental evaluations, but it will also be able to execute the same if it deems it necessary, creates, without a doubt, a possible conflict of interest or at least the appearance of one. Therefore, in abundance of caution, our position is that IEM's proposal should not be considered by the Program. As a result, the Evaluation Committee disqualified IEM and did not continue with the evaluation of the Cost Proposal. As stated in the Evaluation Committee report: Given the evaluation of technical aspects of the Proposal, as submitted and as it may have been supplemented through requests for clarifications or additional information from the Evaluation Committee, Innovative Emergency Management Inc is considered to be Not qualified for the services requested. Innovative Emergency Management Inc's Proposal obtained a total technical score of 80.4 points, nevertheless, due to the possible conflict of interest, it was disqualified based on the legal opinion received and previously set forth.

Jacobs Puerto Rico Inc (Jacobs) passed the mandatory requirements evaluation of this RFP. For the qualifications Jacobs obtained an average score of 42.5 points. In the work approach requirements the proposer obtained an average score of 50 points. Related to the Section 3/MWBE preference, the Evaluation Committee awarded five 5 points for MWBE preference. This resulted in a total technical score of 97.5. Consequently, Jacobs Puerto Rico was considered Qualified and the Evaluation Committee continued the evaluation of the Cost Proposal.

Tetra Tech Inc, (Tetra) passed the mandatory requirements evaluation of this RFP. For the qualifications Tetra obtained an average score of 45.6 points. In the work approach requirements the proposer obtained an average score of 47 points. Related to the Section 3/MWBE preference, the Evaluation Committee awarded ten additional preference points after evaluating documentation submitted by the proposer in compliance with Section 7 of the RFP. This resulted in a total technical score of 102.6. Consequently, Tetra was considered Qualified and the Evaluation Committee continued the evaluation of the Cost Proposal.

According to Section 9.3 of the RFP, once the technical evaluation of the proposal was completed, the Evaluation Committee evaluated the Cost Proposals submitted by all three Qualified Proposers Behar Ybarra & Associates, Tetra Tech, Inc. & Jacobs PR Inc. using the formula below:

Cost Proposal Points = $\frac{\text{Lowest Proposal Cost Received}}{\text{Proposal Cost}}$ x [Max. Cost Proposal Points]

Subsequently, the Evaluation Committee combined the technical evaluation (Qualifications and Work Approach) and economic results to recommend which Proposer(s), conforming to the RFP represented the Best Value.

The Evaluation Committee recommended negotiations with the three qualified proposers, Behar Ybarra & Associates, Tetra Tech Inc. and Jacobs PR Inc. with the intent of allowing proposers to revise their Cost Proposals, in order to maximize the PRDOH availability to obtain the best possible offer, based on the requirements of the RFP. On December 16, 2020, the Procurement Division notified former Secretary Luis C. Fernandez Trinchet Esq., CFA about the recommendation to negotiate with Qualified Proposers. On December 16, 2020, Secretary Fernández Trinchet authorized to conduct and coordinate the negotiations in accordance with Regulation No. 9075.

On December 23, 2020, the Procurement Division and the Programmatic Area joined during clarifications meetings in which the Proposer had the opportunity to explain how the tasks will be provided in accordance with the scope of the RFP. During the meetings, the Procurement Division provided with some clarifications regarding proposers assumptions for the environmental services, including that:

- No minimum quantity of environmental reviews/ reevaluation of project intent is being guarantee by PRDOH;
- The Proposer should expect to have staff located in Puerto Rico to attend Program needs and meetings as needed;
- System integration is not allowed at this time;
- Environmental reports are to be submitted, reviewed, and approved in the PRDOH system of record (Canopy); and
- Proposer may need to go to the State Historic Preservation Office (SHPO) to conduct research, as not all required information may be available online.

After clarifications meetings were conducted, the Programmatic Area understood the following clarifications were necessary:

1. All work outside of the standard desktop review for the Tier 2 (with the exception of the initial site visit) that requires additional visitation to the site or agency coordination (meetings) will be performed as part of specialized services. PRDOH will perform submittal and coordination with the SHPO – all required documentation for SHPO will be presented to the PRDOH.
2. *Process Flow*
 - Assignments will be provided to the Environmental Consultant (EC) via Canopy. All information required to complete the Tier 2 (aside from the EC's site visit) will be included in Canopy. The EC can use an internal process flow for creation of the Tier 2, if desired. If an internal system is used, a .pdf of the Tier 2 and any supporting documents must be uploaded to Canopy.
3. *Site Visits*
 - Applications will likely be geographically located such that excessive travel is not required.
 - For the Tier 2 work, only one site visit will be needed. Any additional site visits, if required due to services outside of the normal Tier 2 data gathering, would be performed as a Specialized Service as part of the Request for Authorization (RFA) process.
 - The site visit shall consist of the following:
 - Completion of a Field Observation Form for inclusion into the Tier 2
 - Eight photographs associated with the structure (front, left side, right side, rear, front side facing away, rear side facing away, left side facing away,

and right side facing away). The photographs should be such that the ground surrounding the structure is shown (if possible). Additional photographs of the house will likely be available in the Damage Assessment (which will be provided).

- Photographs of any environmental issues associated with the property surrounding the structure (streams, environmental concerns [stained soil, etc.], wetlands, etc.)
- Latitude and Longitude of the structure to six digits (xx.xxxxxx, xx.xxxxxx)
- The Field Observation Form can be any used by the EC but is not expected to be a report (not more than two to three pages not including photographs). A field observation form is available if the EC does not have one.

4. Tier 2 Environmental Review Record

For the Tier 2s, a Level of Review Determination is not required. All Tier 2 reviews are Tiered Environmental Assessments. After contract agreement, the Tier 1 documents can be provided to the EC with the latest electronic template of the Tier 2. Canopy will have all information needed for completion of the Tier 2 except for that developed by the EC.

- Project intent is either developed by Canopy or the Program Manager. The EC is not required to develop Project Intent.
- The Tier 2 is available through Canopy.
- The Tier 2 template is a pick-list template with pre-developed language that can be chosen as being developed.
- The Tier 2 cannot be altered without written approval from the PRDOH.
- The Tier 2 ERR can be developed off-system based upon the desires of the EC. The option also exists to develop the ERR in-system also. The needed documents (including the Tier 2 ERR) will have to be uploaded to Canopy to complete the process.
- Portions of Canopy (flood zone, year built) will require updating by the EC
- The Tier 2 ERR will be reviewed by the PRDOH and either approved or returned for corrections.
- SHPO determinations for the Tier 2 may be approved by a Program Allowance or a SHPO Short Form which is a part of the Tier 2 requirements. Any additional work such as preparation of the SHPO Long Forms will be a part of Specialized Services.

5. Re-evaluations

The Tier 2 re-evaluations will only be for Project Intents that were originally Repair that are changing to Reconstruction. Reconstruction Tier 2s to be changed to Repair Tier 2s do not require a re-evaluation. The Program Managers will initiate the Re-evaluation process through Canopy.

- A site visit for the re-evaluation is not required.
- A new Tier 2 for the re-evaluation is not required.

JB

WORR

- The re-evaluation will consist of a one-page form that is available on Canopy. Additionally, any environmental topics originally not addressed in the original Tier 2, i.e., wetlands, farmlands, cultural resources, endangered species) may require to be addressed in the re-evaluation.
- The re-evaluation is intended to use the existing Tier 2 report as much as possible to reduce costs of preparation of new information.
- The re-evaluation report will be uploaded (as well as any supporting documentation) to Canopy.

6. Mitigation Requirements

All required mitigation items will be included in the Tier 2. The Tier 2 has a check box list for all normal mitigation requirements as well as an "other" box for unusual mitigation requirements.

7. Approvals

All approval by the Certifying Officer is accomplished through Canopy and no actions by the EC is necessary.

On January 4, 2021, the Procurement Division sent a letter to Behar Ybarra & Associates, Tetra Tech, Inc. & Jacobs PR Inc to request to revise their Cost Proposals. The revised Cost Proposals due date was set for January 11, 2020, and would be considered the Proposers best and final offer (BAFO). The proposers were notified about Programmatic Area recommended clarifications and that the prices submitted were considered by the PRDOH to be either too high, too low or within range. The due date to submit the revised cost proposals was set for January 11, 2021.

All Proposers submitted their best and final offers (BAFO):

- Behar Ybarra & Associates (**Exhibit III**)
- Jacobs PR Inc. (**Exhibit IV**)
- Tetra Tech Inc. (**Exhibit V**)

Pursuant to the Section 9.5 of the RFP, the award shall be based on a Best Value recommendation by the Evaluation Committee. The terms and conditions of the RFP also established that the award will only be issued at a reasonable cost to the PRDOH. A comparison of the revised cost proposals received in response to the BAFO request was made in order to establish price reasonableness. After the qualified proposers submitted their BAFO, each proposer's cost proposal points were revised in order to obtain the total proposal points.

Table 8 summarizes evaluation results after BAFO:

Table 8: Evaluation results after revised Cost Proposals for Increased Capacity-Environmental Services

PROPOSER	MAN. REQ. PTS.	TOTAL POINTS	QUALIFIED	REVISED COST PROPOSAL	COST PROPOSAL POINTS	TOTAL PROPOSAL POINTS
BEHAR YBARRA & ASSOCIATES LLC	PASS	98.4	YES	\$4,825,875 ⁴	22.3	120.7
TETRA TECH INC.	PASS	102.6	YES	\$3,592,500 ⁵	30	132.6
JACOBS PR INC.	PASS	97.5	YES	\$10,807,500 ⁶	9.9	107.4

As illustrated in **Table 8**, after corresponding negotiations by the Procurement Division, Tetra Tech, Inc. achieved the highest total proposal score of 132.6 points, followed by BYA with 120.7 points and Jacobs with 107.4 points. A determination of the reasonableness of the price must be made to guarantee that the award will only be issued at a reasonable cost to the PRDOH. The Procurement Division compared the unit price per Task from BYA, Tetra and Jacobs. The following tables present a summary of unit price per Task, as submitted in the BAFO compared to the average of the unit price among the proposals. This average cost excludes the unit price per task submitted by Jacobs, the highest revised cost proposal. In addition, the Procurement Division reviewed the CDBG-DR's Environmental Consulting Services Contract number 2020-DR0001, from Arcadis Caribe, PSC, and compared contract prices for Site-Specific Tier 2 Environmental Review. **Table 9,10,11** show the comparison results.

As shown in the previous tables, compared to **BYA** and **Tetra**, **Jacobs** cost proposal is unreasonable even after taking under consideration variables such as contracts of similar scope and scale. In regards to BYA and Tetra the Procurement Division understand that the unit prices proposed for the services are considered reasonable after the comparison.

Recommendation to contract:

The PRDOH reserved the right to contract three or more qualified proposers and divide estimated quantities of tasks among the different selected proposers for Increased Capacity Environmental Services as result of the selection of qualified Proposers. The award (or awards in case of multiple awards) shall be made to the responsible firm(s) whose technical approach to the project, qualifications, price and/or any other factors considered, are most advantageous to the PRDOH provided that the cost or price is reasonable for the services. Pursuant to the terms of the RFP and the Evaluation Committee recommendation, we recommend that awards be issued to Behar Ybarra &

⁷ Tetra Tech Inc. and PRDOH executed the Contract No. 2020-DR0010 for which the contractor invoice the PRDOH \$465 for Site Specific Tier 2 Environmental Review task which includes the environmental inspection. When compared with the original contract, Tetra pricing for site specific tier 2 is higher than the preexisting contract. Tetra explained during the clarification meeting that under the original contract they have the ability to reduce mobilization costs by mobilizing and accomplishing multiple line items (for example lead and asbestos inspection) at one time. Based on their explanation, on this contract, lead and asbestos inspection does not occur, so that economy of scale translates just to a single item to deliver site Tier 2 environmental inspection.

Associates LLC and Tetra Tech Inc. two responsible firms⁸, who obtained the highest proposal score after the evaluation of the technical requirements and cost proposal points and which prices are reasonable for the services when compared among the unit prices submitted by the qualified proposers and contracts of similar scale and scope.

Distribution of funds:

According to the RFP requirements, the Procurement Division recommends in consultation with the Programmatic Area a contract to **Tetra Tech Inc. for the total amount of \$4,796,250 and a three year term with two optional extensions of one year** distribute as shown in **Table 12**. We also recommend that such award be made for a quantity of 3,000 units for Environmental Surveys and Assessment and 750 units for the Re-evaluation of Project Intent.

The contractor shall pay to PRDOH as liquidated damages, \$100 for each calendar day that a required deliverable is late, until deemed in compliance, subject to a maximum of \$1,000. Said sum, in view of the difficulty of accurately ascertaining the loss which PRDOH will suffer by reason of delay in the completion of the work herein requested, is hereby fixed and agreed upon as the liquidated damages that PRDOH will suffer by reason of such delay. Liquidated damages received are not intended to be nor shall they be treated as either a partial or full waiver or discharge of PRDOH's right to indemnification, or the contractor's obligation to indemnify PRDOH, or to any other remedy provided for as a provision of the contract or law. Liquidated damages may be assessed at the sole discretion of PRDOH. For the purpose of applying and calculating such liquidated damages, a grace period of ten (10) days shall be observed. PRDOH may deduct and retain out of the monies which may become due to the contractor, the amount of any such liquidated damages; and in case the amount which may become due is less than the amount of liquidated damages due to PRDOH, the contractor shall be liable to pay the difference.

During the performance of this Agreement, the CONTRACTOR agrees as follows:

- 1) The CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The CONTRACTOR shall take affirmative action to ensure that applicants for employment are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
- 2) The CONTRACTOR shall post in conspicuous places, available to employees and applicants for employment, notices to be provided by Contracting Officer setting forth the provisions of this non-discrimination clause. - 8) CONTRACTOR shall incorporate the provisions of 1 through 7 above in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor so that such provisions shall be binding on such subcontractor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for non-compliance, provided, however, that in the event the CONTRACTOR becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the CONTRACTOR may request the United States to enter into such litigation to protect the interests of the United States.

It certifies further that it will not maintain or provide for employees any segregated facilities at any of its establishments, and it will not permit employees to perform their services at any location under its control

The CONTRACTOR further agrees that (except where it has obtained for specific time periods) it will obtain identical certification from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the equal opportunity clause; that it will retain such certifications in its files; and that it will forward the preceding notice to such proposed subcontractors (except where proposed subcontractors have submitted identical certifications for specific time periods).
